Free technical assistance

for Enhanced Care Management (ECM) from Facktor's experts

Facktor would like to talk to you about **FREE** technical assistance (TA) to help establish and/or strengthen an Enhanced Care Management (ECM) program at your organization, funded by California's Department of Health Care Services (DHCS).

This funding is part of a **$1.85 billion statewide initiative** from DHCS to build up the capacity and infrastructure of organizations to successfully participate in the Medi-Cal delivery system and is available on a first-come, first-served basis until it runs out.

Facktor can support you with the following grant-funded projects:

▶ Developing strategies to bring the ECM program to profitability

▶ Building infrastructure to expand the number of patients served by the ECM program

▶ Adding new health plan ECM contracts and/or renegotiating current contracts

▶ Optimizing clinical workflows for ECM

▶ Optimizing ECM documentation workflows and data retrieval from EHRs

▶ Automating the creation of required monthly ECM reports (RTF, OTF, etc.)

▶ Creating dashboards that track ECM service delivery data on a daily basis

▶ Developing a health plan payment reconciliation system to ensure all ECM services are reimbursed

▶ Any other ECM-related needs

We've been selected as a

CalAIM PATH TA

Marketplace Vendor!
